ABOUT US

Cedar Lam is gorgeous collection of top quality Decorative Laminates, brought to you by highly skilled, professionally managed and highly accredited company in India, Along with Decorative High Pressure Laminates our factory is also equipped Laminates and Door Skins to name a few, keeping quality in mind, the factory is certified for ISI 2046 : 1995, ISO 9001 : 2015 and ISO 14001 : 2015. Our products also meet the British European Standard BSEN 438 and American NEMA LD3 standards. We have also incorporated a 7 point Quality Control System to ensure that every single one of our laminates sheets goes through seven different quality control check point during its production period. This ensure that only the highest qualities of products are made available to our valuble customers. Our factory also has a state of art chemical plant, which manufactures quality resins used in the production of laminates. Having a modern plant allows our R&D team to experiment with innovation materials to produce quality resins that will stand the test of time.

PRODUCT CARE AND MAINTENANCE		PRODUCT TECHNICAL DATA & SPECIFICATION	
For cleaning the surface of the laminates, use dry doth to wipe the stains. If needed can use ordinary liquid detergent (non-acidic) or ammoniated liquid. After taking a trial on small portion. Stain remover or industrial organic solvents can be used to remove stubborn stains in case if there is no problem. One should not use, wire or hard-plastic brushes, and abrasives to clean the surface. Since, conventional laminates are made for interior decoration, should not be used for external use where there are chances for direct exposure to sunlight or any other sort of direct heat. It is always recommended to keep the substrate horizontal while pasting the laminates. Immediate removal of pressure and vertical application should not be practiced. Samples pasted in the folder represents the finish & design and the actual thickness.		TYPE : Convectional Cold Press Grade Laminate for Interior Application (Other Grades Available on Request) RANGE : Splendid 0.8 mm, Trendy - 0.7 mm (± 10% As per ISI Standard) (Other Thickness Available on Request) SIZE : 1220 mm x 2440 mm (8' x 4') PRODUCT STANDARD : Comprising to British European standard : BS EN 438 American NEMALD 3 BIS (Bureau of Indian Standard) is : 2046 BIS (Bureau of Indian Standard) is : 2036 Grade P1 Phenolic / Electronic Insulation ISO 4586.	
PRODUCT WARRANTY		CEDAR DECOR PRIVATE LIMITED	
CEDAR LAM provides warranty that the product is free from any manufacturing defects and is suitable to use for normal and usual purpose. In case of any visual defect, the product should not be used, cut, or altered in any manner. Company's liability will be limited to the extent to cost of its product only. The colour / should may vary from lot to lot. Do inspect properly before using the product. Company will not entertain any claim if the product is cut or altered in any manner for any visual or appearance, shade change / difference.
